Hesworth Common

5/12/2023

Working day with S.D. volunteers, Parish councillors and others. Removal of bracken and scrub and trimming trees to lower slopes of area A.

17/12/2023

MA and TB planted trees around main Hesworth Common car park.

Birchwalks Woods

18/12/2023

MA, TB and Dan Cornell cleared and planted native trees in new plantation area and felled 6 no birch trees.

The Triangle (see health & safety inspection report 14/1/2024)

Village Tree Warden

28/11/2023

Following an observation from a local villager who has a property on The Terrace, that 3 large sycamore trees were overhanging the road amongst BT cables, I made a visual inspection and contacted David Hamilton, the landowner to inform him that the trees should be felled. As these trees are in a sensitive area next to the Centenary Gardens I contacted Henry Whitby informing him of my intention to remove the trees on grounds of safety to road users. I am arranging for Henry to visit the site and give him photographs of the trees and also discuss overhanging bushes and other problem trees in the area.

Work carried out at no cost to the Parish Council.

23-24/12 2023

I received a telephone call on 23/12/2023 from the owner of River Lodge regarding a dangerous tree likely to fall on his property. I contacted Ben Tavener to inspect the dangerous tree which was in a field opposite his property and after discussion it was decided to fell the tree which the owner agreed to pay for and claim the money from the owner of the field.

Work carried out at no cost to the Parish Council.
